WELCOME

Welcome to our latest product release – thoughtfully created to inspire connection, creativity, and a little everyday joy.

This offering brings together new work and continuing favourites, shaped with care across every detail of our range.

Leunig Collection Page 7

We are proud to present a new collection featuring the distinctive work of iconic Australian artist, Michael Leunig, brought together through a considered new licensing partnership.

These pieces honour the humour, humanity and poetic simplicity that have made his work so widely cherished, now thoughtfully applied across a range of everyday products designed to be used, gifted and kept close. There is a playful timelessness in these designs that invites reflection, offering small moments of pause within daily life, and a reminder of the beauty found in simple truths.

Nature Collection Page 17

From within Cottonwood Studio, Suzi Maher has been painting a beautifully evolving body of work inspired by the natural world. This continues to flow through into the new Nature Diary, Calendar and Journal, while also extending

across a coordinated stationery collection of notepads. Together, these pieces celebrate flora and fauna, and the quiet rhythm and detail of the natural world around us, brought to life with warmth and sensitivity.

Within this catalogue you will also find our much-loved Twigseeds range, continuing to offer heartfelt messages and enduring favourites that have become part of so many meaningful moments over time. Be sure to flip this catalogue over to discover everything new from Twigseeds, presented in its own dedicated section, with fresh designs and familiar warmth woven throughout.

As always, our hope is to create products that bring meaning into everyday moments and offer small reminders of connection, kindness and joy. We hope this collection inspires you as much as it has inspired us in its creation, and finds its way into the hands and hearts of those who need it most.

Warm regards,

Suzi, Dan & the Affirmations Team

WELCOME

The Twigseeds 2027 Collection:
Created with pencil, ink, watercolour and magic.

Dearest friends,

I am absolutely delighted to share our 2027 Twigseeds collection with you. Together with the imaginative Affirmations studio team, we've created a fresh new range that I'm sure you and your customers will enjoy.

The collection features new notepads, a desk planner, a journal, greeting cards, and of course, the 2027 Twigseeds Diary and Calendar. Look for gorgeous sticker sheets, new patterns and lively characters encouraging you to jot down your marvellous ideas!

Throughout the year, my thoughts have often turned to you, the shopkeepers, who create havens of inspiration and connection within your communities. This proverb touched my heart: *"Each small kindness adds a thread to the fabric of community"* and it could very well say: *"Each small **shop** adds a thread to the fabric of community."*

I value your stores and your courage more than ever, as the tides of technology and mega stores try to sweep everything aside. To honour the spirit of small businesses, creative expression, and all things soulful and human, I have painted this year's feature illustration depicting a lively plant shop bustling with curious characters. Painting each leaf, brick, and tiny detail became a gentle meditation as I watched the scene come to life with every colour and brushstroke.

Thank you for supporting Twigseeds. May our products, made with love, bring light-heartedness and abundance to your stores.

With love,

Kate Knapp
